

FAQ Academic Transfer

Georgiana Manolache, Nick Welman. November 19th, 2025.

- I am currently in Semester 1; I am interested in Accelerated Academic Transfer. How are the classes organized?
 - During your 2, 3, 5, 6 semester you will follow 2 courses from Academic Preparation: in semester 2 you follow LST and DSM, in semester 3 you follow ALG1 and AUT, in semester 5 you follow STAT and DETH, and in semester 6 you follow FP, SYNC, and ALG2. You acquire, thus, 150 ECs in 4 semesters instead of 5.
- I am currently in Semester 1. Can I do 2DL00 in Semester 2 and pre-master in semester 6 or 7?
 - Yes, you can follow 2DL00 anytime, as long as it is before your pre-master semester. If you pass 2DL00, you receive a VWO Calculus B exemption you can use at any moment in your education.
- How can I check if I have the proper VWO Calculus B education in high school if I am an international.
 - Contact fontysict-academictransfer@fontys.nl to ensure your level is sufficient. Send an email with your high school diploma long with your high school grades. Generally, international students have a VWO high school education; you can check your diploma via <https://isced.uis.unesco.org/data-mapping>. Your diploma must be level 3.
- I am currently in a higher semester than Semester 1. Can I apply for Accelerated Academic Transfer?
 - No, you can only apply for the Accelerated Academic Transfer if you are currently in your Semester 1.
- I am currently in Semester 5. Can I do pre-master CSE (Computer Science & Engineering) at TU/e in semester 6 or 7 although I did not follow Academic Preparation in Semester 4?
 - Yes, the only requirement is that to have VWO Calculus B in high school or alternatively you have followed 2DL00 prior to starting your pre-master semester.

- I am currently in Semester 7, next semester is my Graduation Semester 8. Can I still follow the pre-master as a Free Study Choice in Fontys ICT bachelors?
 - No, you can follow the pre-master after you graduate from Fontys ICT bachelor.
- I am currently in Semester 6, and my Free Study Choice semester is in the Spring semester (February-June); can I do my pre-master at TU/e?
 - No, all TU/e pre-masters possible as a Free Study Choice during your Fontys ICT Bachelor are offered in the Fall semester (September-January).
- Do I need VWO Calculus B if I want to follow the pre-master of either Information Management, International Management, or Communication and Information Science at Tilburg University?
 - No, Mathematics are not required for these pre-masters (i.e., Information Management, International Management, or Communication and Information Science).
- Can I apply to a pre-master other than the ones mentioned in the study guide (see <https://studyguide.fontysict.nl/free-study-area/academic-transfer/>)?
 - At Fontys ICT have agreements only with the pre-master programmes mentioned in the study guide; contact fontysict-academictransfer@fontys.nl for more questions. If you want to do a different pre-master you must make your individual arrangements with the exam board.
